Supports for Children with Autism in Child Care Settings

Presented by Oregon Program Autism Training Sites & Support Staff
and Family Connections of Lane and Douglas Counties

This two session training opportunity will provide child care staff with a greater understanding of working with children with autism enrolled at their center or home. Topics discussed for Session 1 will include learning characteristics, and simple activities to encourage social and language skill development. Session 2 will focus on behavioral strategies. This workshop will provide specific examples of evidence-based practices that can be implemented immediately in the child care setting.

Participants may register for one or both sessions. Both classes are Set 1 in the Oregon Registry with 2.5 hours in Special Needs. The age group is infant/toddler and preschool.

Who Should Attend:

Child care center providers, registered family child care providers, certified family child care providers, teachers, assistants and other staff providing services to children with Autism Spectrum Disorders.

What You Will Receive:

- Examples of visual supports, behavior supports and social supports
- Access to additional on-line training modules and resources
- Certificate of participation for 3 hours upon completion of each session
